**ARTICLE VIII
APPLICATION, APPROVAL, AND APPEAL PROCEDURE**

A. Application Procedure

1. A landowner may apply to participate in either the District or the Enhance District Program by making application and paying such fees as may be established by the Board of Commissioners to the Chairperson of the Advisory Board or to a designated staff person. The application shall contain a listing of all parcels or tax record numbers and be on forms provided by the Advisory Board. The application to participate in an Agricultural District may be filed with the certification for qualifying farmland.
2. A Conservation Agreement (required by N.C.G.S. §106-737 and defined in N.C.G.S. §121-35) suited to district type (District or Enhanced District) designated by the landowner to sustain, encourage, and promote agriculture must be executed by the landowner with the Advisory Board, which shall record a certified copy with the Stanly County Register of Deeds. The Conservation Agreements for the Enhanced District shall be binding upon all successors in interest to the landowner, except for successors in interest resulting from the exercise of rights under a security interest or lien that preceded the Conservation Agreement.

B. Approval Process

1. Upon submission of an application to the Advisory Board, the Advisory Board shall meet within 90 days to review the application. The Chairperson shall notify the applicant in writing via first class mail of the Advisory Board's determination of compliance or non-compliance and the reasons therefore. Such appeal shall be presented in writing. The decision of the Board of Commissioners is final.

ARTICLE IX REVOCATION, ENFORCEMENT AND RENEWAL OF CONSERVATION AGREEMENT

A. Revocation and Enforcement

1. District. Conservation Agreements for land within the District are each for a term of ten (10) years. By providing 30 days advance written notice to the Advisory Board, a landowner of qualifying farmland within a District may revoke his/her/its Conservation Agreement. By providing written notice to the landowner, the Advisory Board may revoke a Conservation Agreement due to the landowner's non-compliance with the Ordinance, the Conservation Agreement, or applicable law. Such revocation shall result in loss of qualifying farm status and loss of eligibility to participate in the District. Absent non-compliance by the landowner, neither the Advisory Board nor the Board of Commissioners may revoke any Conservation Agreement prior to its expiration. If the Advisory Board revokes a Conservation Agreement for cause, the landowner shall have thirty (30) days from the date of notice of revocation to appeal the revocation to the Board of Commissioners. Such appeal shall be presented in writing. The decision of the Board of Commissioners is final. Transfers of land in a District due to death of the landowner, sale or gift shall not revoke the Conservation Agreement unless the land no longer qualifies as real property that is engaged in agriculture as defined by N.C.G.S. §106-581.1 or, in the event that there are water or sewer assessments held in abeyance, the new owner(s) fail to agree in writing to accept liability for those assessments in the event that the land is withdrawn either voluntarily or involuntarily from the District. In event of the original landowner's death, any surviving heirs have the same 30 days advance written notice consideration for revocation of the Conservation Agreement as stated above. Enforcement of the terms of a Conservation Agreement for land enrolled in a District shall be limited to revocation of the Conservation Agreement and the benefits derived there from. A notice of revocation shall be recorded in the County land record system sufficient to provide notice that the land has been withdrawn from the Voluntary Agricultural District Program.

2. Enhanced District. Conservation Agreements for land within the Enhanced District are IRREVOCABLE by landowner(s) for a period of ten (10) years. Enforcement of the terms of the Conservation Agreement may be through an action for injunctive relief and/or damages in any court of competent jurisdiction. The County may also terminate any benefits to the landowner under this program either permanently or during the period of violation, as appropriate. If the County shall revoke the Conservation Agreement for cause, the landowner shall have thirty (30) days from the date of notice of revocation to appeal the revocation to the Board of Commissioners. Such appeal shall be presented in writing. The decision of the Board of Commissioners is final. The right to terminate program benefits is in addition to any legal rights that the County may have under either this Ordinance or the terms of the applicable Conservation Agreement. The County may seek costs of the action, including reasonable attorney fees. A notice of revocation shall be recorded in the County land record system sufficient to provide notice that the land has been withdrawn from the Enhanced Voluntary Agricultural District Program.

B. Renewal

1. District. A Conservation Agreement for land within a District shall be automatically renewed, if not terminated, for an additional term of ten (10) years, unless either the landowner or the County provides a 30 day written notice to the other party of his/her/its intent not to renew. Absent non-compliance by the landowner, neither the Advisory Board nor the Board of Commissioners shall fail to renew any Conservation Agreement unless this Ordinance or its authorizing legislation has been repealed. At the end of each ten (10) year term, the Conservation Agreements for land in the District shall automatically renew, if not terminated, for an additional ten (10) year term unless notice of non-renewal is given.
2. Enhanced District. A Conservation Agreement for land within an Enhanced District shall be automatically renewed, if not terminated, for an additional term of three (3) years, unless either the landowner or the County gives written notice to the other party of his/her/its intent not to renew prior to the date of renewal of the Conservation Agreement. Absent non-compliance by the landowner, neither the Advisory Board nor the Board of Commissioners shall fail to renew any Conservation Agreement unless the Ordinance or its authorizing legislation has been repealed. At the end of each three (3) year term, the Conservation Agreement for land in the Enhanced District shall automatically renew, if not terminated, for an additional three (3) year term unless notice of non-renewal is given.

**ARTICLE X
WAIVER OF WATER AND SEWER OR ALL UTILITY ASSESSMENTS**

A. Assessments

A landowner belonging to the District may be assessed for or be required to connect to Stanly County or Stanly County Water and Sewer Authority (hereinafter referred to as "SWASA") water and/or sewer systems at the discretion of the Board of Commissioners.

A landowner belonging to the Enhanced District may be assessed for or be required to connect to Stanly County or Stanly County Water and Sewer Authority (hereinafter referred to as "SWASA") utility systems at the discretion of the Board of Commissioners.

B. Abeyance

Water and sewer assessments may be held in abeyance, without interest, for farms in the District, until improvements on such property are connected to the water or sewer system for which the assessment was made.

Utility assessments may be held in abeyance, without interest, for farms in the Enhanced District, until improvements on such property are connected to the water or sewer system for which the assessment was made.

C. Termination of Abeyance

When the period of abeyance ends, the assessment is payable in accordance with the terms set out in the assessment resolution.

D. Suspension of Statute of Limitations

Statutes of limitations are suspended during the time that any assessment is held in abeyance without interest. The landowner may be required to sign an acknowledgement (that may be incorporated into the Conservation Agreement) of the abeyance of the statute of limitations upon collecting water and sewer assessments (in the District) or other utility assessments (in the Enhance District).

E. Other Statutory Abeyance Procedures

Nothing in this section is intended to diminish the authority of the County to hold assessments in abeyance under N.C.G.S. §153A-201 or other applicable law.

F. Conflict with Water and/or Sewer System Construction and Improvements Grants

To the extent that this section conflicts with the terms of federal, state, or other grants under which County or SWASA utility systems are constructed, this section shall not apply. This section shall not apply to utilities that are not owned by the County or SWASA unless the County or SWASA has entered into an agreement with the entity(ies) owning the utilities and that agreement provides that this Ordinance shall apply.

**ARTICLE XI
ADDITIONAL ENHANCED AGRICULTURAL DISTRICT BENEFITS**

Land enrolled in the Enhanced Voluntary Agricultural District Program is entitled to all of the benefits available under the Voluntary Agricultural District Program (except for the right to terminate the Conservation Agreement at any time, and to the following additional benefits:

A. Sale of Non-Farm Products

Landowners participating in the Enhanced District may receive up to twenty-five percent (25%) of its gross sales from the sale of non-farm products and still qualify as a bona fide farm that is exempt from County zoning regulations under N.C.G.S. § 153A-340(b). A farmer seeking to benefit from this subsection shall have the burden of establishing that the property's sale of non-farm products did not exceed twenty-five percent (25%) of its gross sales. The Agricultural Advisory Board shall develop guidance and procedures regarding the standards necessary for proof of compliance with this provision.

B. Agricultural Cost Share Program

Landowners participating in the Enhanced District are eligible under N.C.G.S. § 106-850(b) to receive the higher percentage of cost-share funds for the benefit of that farmland under the Agriculture Cost Share Program established pursuant to Article 72 of Chapter 106 of the General Statutes for funds to benefit that farmland.

C. Priority Consideration

State departments, institutions, or agencies that award grants to farmers are encouraged to give priority consideration to landowners participating in the Enhanced District.

**ARTICLE XII
PUBLIC HEARINGS**

A. Purpose

N.C.G.S. §106-740 provides that no State or local public agency or governmental unit may formally initiate any action to condemn any interest in qualifying farmland within a District or Enhanced District until such agency has requested the Advisory Board hold a public hearing on the proposed condemnation. This provision

ensures that the condemning agency or unit considers the impact of its actions upon agriculture, forestry, and/or horticulture prior to taking action that is not reversible. This provision is not intended to, and does not prohibit the condemning agency or unit from taking action that is authorized by law.

B. Procedure

1. Upon receiving a request, the Advisory Board shall publish notice describing the proposed action in the appropriate newspaper of Stanly County within five (5) business days of the request, and will in the same notice notify the public of a public hearing on the proposed condemnation, to be held within ten (10) days of receipt of the request.
2. The Advisory Board shall meet to review:
 - a. Whether the need for the project has been satisfactorily established by the agency or unit of government involved, including a review of fiscal impact analysis conducted by the agency involved; and
 - b. Whether there are alternatives to the proposed action that have less impact and are less disruptive to the agricultural activities of the District or Enhanced District within which the proposed action is to take place.
3. The Advisory Board shall consult with the Stanly County Cooperative Extension Agent, the Natural Resources Conservation Service District Conservationist, and any other individuals, agencies, or organizations deemed by the Advisory Board to be necessary for its review of the proposed action.
4. Within five (5) days after the hearing, the Advisory Board shall make a report containing its findings and recommendations regarding the proposed action. The report shall be made available to the public prior to its being conveyed to the decision-making body of the agency proposing the acquisition.
5. There will be a period of ten (10) days allowed for public comment on the report of the Advisory Board.
6. After the ten (10) day period for public comment has expired, the Advisory Board shall submit a final written report containing all its findings and recommendations regarding the proposed action to the decision-making body of the agency proposing the acquisition.
7. The total time period, from the day that a request for a hearing has been received to the day that a final report is issued to the decision-making body of the agency proposing the acquisition shall not exceed thirty (30) days. If the agency agrees to an extension, the agency and the Advisory Board shall mutually agree upon a schedule to be set forth in writing and made available to the public.
8. Pursuant to N.C.G.S. §106-740, the agency may not formally initiate a condemnation action while the proposed condemnation is properly before the Advisory Board.
